Our promise

We're committed to you, your business, and your future. And we strive to work by these five principles:

- **Accessibility.** Our professionals are always accessible. They work with you to understand your business and develop new strategies whenever and wherever you need them.
- **Commitment.** We believe that our commitment to supporting, understanding, and building your business can often have much more meaning than the numbers themselves.
- **Teamwork.** We work together internally to combine the strongest resources and the best in-house expertise to meet your business needs. Then we team up with you, your staff, and your business goals to create and exceed new expectations.
- **Involvement.** We know your business. We understand it and its potential. We offer new strategies and ideas so that you can build upon your business goals.
- **Expertise.** When it comes right down to it, you need in-depth services you can count on to take you and your business further. At BDO, we offer full service support from assurance and accounting to taxation and strategic business advice. We're always there when you need us. Whatever you need us for.

Our numbers

If you want to talk numbers, BDO can deliver. We're one of the largest accounting and advisory firms in Canada. We have 95 offices nationwide and a team of more than 1,500 professionals. And, with more than 80 years of experience, we've built up the personnel, expertise, and industry know-how to help you meet your business goals. For you, these numbers mean that we have the knowledge to help you expand your business into new markets, and make your mark with new successes. We confidently deliver services that you can count on to help you carve your own path and realize your potential.

Our international presence

BDO Dunwoody LLP is the Canadian Member Firm of BDO International—a global network that includes more than 600 offices located in over 100 countries. BDO International builds a strong global presence, making it the fifth largest accounting and advisory network in the world. BDO Member Firms offer a full range of accounting and advisory services that are tailored to their locale but able to expand into the global marketplace.

Our core services

Whatever service you need, our senior professionals and team of accountants and advisors will work with you to tackle challenges and achieve your business goals.

- **Assurance and accounting.** When your stakeholders demand evidence that your financial figures are credible, rely on our assurance services. Our professionals can help provide you with the confidence and assurance that your statements will be accepted in the marketplace. And for your accounting and bookkeeping needs, let us compile your numbers to give an overall financial picture that's clear and precise. Wherever you want to take your organization, trust us to provide results that you can count on.
- **Taxation.** Whatever your tax needs—from corporate income tax and commodity tax to international tax and transfer pricing—we know the intricacies of tax laws. Our tax specialists work with you to minimize your taxes and provide flexible solutions for your growing business needs. BDO can help you comply with the rules and plan for the future.
- **Financial Advisory Services.** Whether it's time to sell, expand, or review your business, BDO helps you develop and execute the appropriate strategies to meet your business goals. From corporate finance, business valuation and forensic and investigative accounting to arbitration, mediation, mergers and acquisitions, and litigation support, our advisors evaluate your business risks to help you overcome your financial hurdles.
- **Risk Advisory Services.** Our National Risk Advisory team works closely with our clients to assist with the management of risk and the achievement of strategic business objectives and regulatory compliance through proper internal control systems. Our professionals provide value-added risk management capabilities needed to mitigate business risk, support your business strategy and continuously improve your operational performance.
- **Financial Recovery Services.** When troubled finances cause friction with lenders and suppliers, it's important to have a plan for recovery. BDO implements strategies for building new success through cash flow and profitability management, business viability assessments, corporate reorganization, liquidity and forensic investigations, and more. We identify opportunities to stabilize our clients' business in a volatile market.
- **BDO Solutions.** Whatever your business needs, BDO Solutions' professionals and their team of experts will work with you to implement the business solution you're looking for. Our business software implementations help your business achieve its objectives, and maximize your return on investment.

Seize every opportunity

Whether you're building from the ground up, making the next big move, or taking over the reins, in today's business world, the future is often unpredictable. But that doesn't mean the outlook has to be. On the contrary, if you can visualize success around every corner, over every bump, and in every boardroom, then you can achieve it. Even in tumultuous times. BDO Dunwoody LLP can help. Count on us for the support you need to seize opportunity at every knock. Choose a partner who sees things differently.
