The purchaser from the receiver has a written retainer to Feb 21 to seek leave to sue the receiver for gross negligence dealing with the subject-matter of the sale. It wishes to file an expert report relating to the underlying merits of the dispute. While I have some doubts that the described report will prove helpful or particularly relevant, I cannot at this stage preclude its admissibility. The parties were sent to settle the timetable accordingly. Timetable attached is ordered. Changes to it may be made on mutual consent or by subsequent order @ 9:30.
