

In arriving at this conclusion, I have taken into account that a number of creditors have expressed concern about their personal information and they suggest the destruction request.

With respect to the Debtor's Bankruptcy proceedings, it is my understanding that the Superintendent does not object to the proposed windups of the administrators of the bankruptcies and the BDO is authorized to proceed in the manner ~~request~~ suggested in the Report.

BDO discharged on terms set out in the Order.

Consolidated A + D is approved. The 5th Report, Supplement to 5th Report and 6th Report are approved, together with conduct and activities.

Receiver's Fees + share of its counsel are also approved in the amount requested.

MBH granted & duly signed
in the form presented -
