INTRODUCTION

1. On September 27, 2024, (the “**Filing Date**”), Motryx Inc. (“**Motryx**” or the “**Company**”) filed a Notice of Intention to Make a Proposal (“**NOI**”) pursuant to section 50.4 of the *Bankruptcy & Insolvency Act*, R.S.C. 1985, c. B-3 (the “**BIA**”). BDO Canada Limited, a Licensed Insolvency Trustee, was named proposal trustee (“**Proposal Trustee**”) in the Company’s proposal proceedings (the “**Proposal Proceedings**”).
2. On October 16, 2024, the Proposal Trustee prepared a report (the “**First Report**”) to the Supreme Court of Nova Scotia (the “**Court**”) in advance of the Company’s motion on October 22, 2024. A copy of the First Report with appendices is attached hereto as **Appendix “A”**. A high-level overview of the Company’s history, operations, its assets, the sole secured creditor involved in these proceedings, and the events giving rise to the Company’s decision to file an NOI pursuant to the provisions of the BIA are included within the First Report.
3. On October 22, 2024, the Court issued an order (the “**Initial Order**”) to grant the following material relief:
 - a. extending the initial stay period from October 27, 2024 up to and including December 6, 2024;
 - b. approving an administration charge (the “**Administration Charge**”) in the amount of \$125,000, in favour of the Company’s counsel, the Proposal Trustee and its counsel against the Company’s assets, as security for their respective fees and disbursements incurred at the standard rates and charges of the professionals involved with the Company’s restructuring; and
 - c. approving the debtor-in-possession financing (the “**DIP Financing**”) to be provided by Aerocom GmbH & Co. (“**Aerocom**” or the “**DIP Lender**”) and the associated DIP Financing charge (the “**DIP Financing Charge**”) against the Company’s assets.
4. Also on October 22, 2024, the Court issued an order (the “**Critical Supplier Order**”) authorizing the Company to make certain payments to current employees for pre-filing payroll and related source deductions, an employee expense reimbursement, and to pay certain critical suppliers for pre-filing obligations.
5. Copies of the Initial Order and the Critical Supplier Order granted by the Court are attached hereto as **Appendix “B”** and **Appendix “C”**, respectively.

PURPOSE

6. The purpose of this second report of the Proposal Trustee (the “**Second Report**”) is to:
 - a. provide the Court with updates on the activities of the Company and the Proposal Trustee in relation to the Proposal Proceedings;
 - b. discuss cash flow variances arising to date with respect to the Company’s 13-week cash flow forecast (the “**Initial Cash Flow Forecast**”) covering the period September 30, 2024, to December 27, 2024 (the “**Initial Cash Flow Period**”), and the Proposal Trustee’s comments regarding the reasonableness thereof;
 - c. provide the Court with information regarding the Company’s motion to seek an order (the “**Proposed Order**”):
 - i. extending the time for the Company to file a proposal under section 50.4(9) of the BIA by 43 days up to and including January 17, 2025; and
 - ii. approving such further and other relief as the Court may deem just and equitable.
 - d. the Proposal Trustee’s recommendations on the relief being sought by the Company.
7. The Proposal Trustee understands that the Company will be relying on the Affidavit of Ms. Niva Sabeshan, Chief Executive Officer (“**CEO**”) of Motryx, sworn November 28, 2024 (the “**Second Sabeshan Affidavit**”) in support of the relief sought in the Proposed Order.
8. Copies of Court materials filed in these proceedings may be obtained from the Proposal Trustee’s website established in connection with the NOI administration

 11. Unless otherwise indicated, the Proposal Trustee's understanding of factual matters expressed in this Second Report concerning the Company and its business is based on the Information, and not independent factual determinations made by the Proposal Trustee.
 12. All references to monetary amounts in this Second Report are in Canadian dollars unless otherwise noted.

ACTIVITIES OF THE COMPANY

13. Since the first extension of the Proposal Proceedings was granted on October 22, 2024, the Company, among other things, has:

ACTIVITIES OF THE PROPOSAL TRUSTEE

- 14. The Proposal Trustee's Website has been established for the Proposal Proceedings. All Court documents and certain other relevant documents have and will continue to be posted as they are made available.
- 15. Since the first extension to the Proposal Proceedings, the Proposal Trustee, among other things, has:
 - a. completed statutory forms and e-filed such reports with the Office of the Superintendent of Bankruptcy;

- j. in accordance with subsection 50.4(2)(c) of the BIA, the Proposal Trustee assisted the Company in the preparation of a Revised Cash flow Forecast;
- k. in accordance with subsection 50.4(2)(b) of the BIA, the Proposal Trustee reviewed the Revised Cash Flow Forecast and assessed its reasonableness; and
- l. prepared this Second Report.

CASH FLOW FORECASTS AND ACTUAL RESULTS

- 16. The Proposal Trustee has reviewed the actual cash flow from operations for the nine-week period ending November 29, 2024, through monitoring the banking activities of the Company.
- 17. The Company's actual cash flow from operations for the nine-week period ending November 29, 2024, was lower than the corresponding Initial Cash Flow Forecast for that same period by approximately \$38,000. This negative variance is largely due to the late receipt of the third tranche of DIP Financing of \$120,000 which was received by the Company's counsel by week ending November 29, 2024. Due to the delay in collection of the third DIP Financing tranche, the Company delayed payment of certain direct and indirect operational expenses in order to manage cash flow. The variances in cash inflows and outflows are primarily timing differences that are expected to reverse in the coming weeks. A summary of the variance analysis regarding the same is attached hereto as **Appendix "D"**.
- 18. The Company, with the assistance of the Proposal Trustee, has prepared a Revised Cash Flow Forecast incorporating actual results for the Initial Cash Flow Period and projected results for the

13-week period ending February 28, 2025 (the “**Revised Cash Flow Period**”). A copy of the Revised Cash Flow Forecast with supporting notes is attached as **Appendix “E”**.

19. Based on the Proposal Trustee’s review of the Second Cash Flow Forecast, there were no material assumptions which seem unreasonable in the present circumstances. The Proposal Trustee’s report on the Revised Cash Flow Forecast is attached as **Appendix “F”**.
20. The Revised Cash Flow Forecast was prepared based on the following assumptions:
 - a. the restructuring process is intended to be funded primarily by the DIP Loan. The Revised Cash Flow Forecast projects the Company will receive additional financing through an amendment to the DIP Loan. In discussions held with the Company and the Proposal Trustee, the DIP Lender has expressed willingness to negotiate an amendment to the DIP Loan in order to allow additional time for the prospective purchaser’s due diligence procedures; and
 - b. disbursements consist of forecast expenses based on management estimates for on-going operations and for restructuring professional fees.
21. The Proposal Trustee has reviewed the Reviewed Cash Flow Forecast, including its assumptions, through inquiries, analytical procedures and review of documents related to the information supplied by employees of the Company. Based on the Proposal Trustee’s review, nothing has come to its attention that causes it to believe, as at the date of the Second Report, the assumptions are not suitably supported and consistent with the plans of the Company or do not provide a reasonable basis for the Revised Cash Flow Forecast.
22. The Revised Cash Flow Forecast illustrates that during the Revised Cash Flow Period, the Company will be cash flow neutral with obligations for operations and restructuring professionals to be funded by the DIP Loan.

PROPOSED STAY PERIOD EXTENSION

23. Pursuant to Section 69(1) of the BIA, the effect of the filing of the NOI is an automatic stay of proceedings (the “**Stay Period**”) against the Company for an initial period of 30 days. The Stay Period was subsequently extended through December 6, 2024 by order of the Court dated October 22, 2024.
24. The Company now seeks an extension of time to file a proposal for an additional 43 days to and including January 17, 2025 (the “**Proposed Stay Extension**”). The Proposed Stay Extension should permit the Proposal Trustee to commence and advance a Sale Process. Without the Proposed Stay Extension, the Company will not be in a position to make a viable proposal to its creditors and will become bankrupt to the detriment of its stakeholders.

25. The Company is in advanced discussions with the prospective purchaser as regards to the execution of the Proposed Stalking-Horse Agreement. The Proposal Trustee understands the Company has made good progress with respect to the prospective purchaser's due diligence process, providing all the information requested to date and access to a virtual data room. A draft of the Proposed Stalking-Horse Agreement has been circulated to Aerocom and its legal counsel, who have responded with comments and suggested revisions that appear agreeable to the Company.
26. Pursuant to the Second Sabeshan Affidavit, the Company is expecting that the Proposed Stalking-Horse Agreement will be executed in the near future, following which the Company intends to apply to this Court seeking approval of a Sale Process with the Proposed Stalking-Horse Agreement being a stalking-horse bid.
27. It is the Proposal Trustee's view, based on the Second Cash Flow Forecast, including the additional funding anticipated under an amendment to the DIP Loan, the Company will have sufficient liquidity to commence and advance a Sale Process and to satisfy post filing obligations as they come due during the Proposed Stay Extension.
28. In the Proposal Trustee's view, Motryx has acted and continues to act in good faith and with due diligence. The Proposal Trustee respectfully submits that the Company will likely be able to make a viable proposal if the Proposed Stay Extension is granted.
29. Based on the information presently available, the Proposal Trustee believes that the Company's creditors will not be materially prejudiced by the Proposed Stay Extension. Furthermore, the Proposal Trustee is not aware of any creditor who opposes the requested extension of the Stay Period.

PROPOSAL TRUSTEE RECOMMENDATIONS

30. In the Proposal Trustee's view, Motryx has acted and continues to act in good faith and with due diligence. The Proposal Trustee respectfully submits that the Company will likely be able to make a viable proposal if the Proposed Stay Extension is granted and that no creditor will be materially prejudiced by the granting of the extension.
31. Based on the foregoing, the Proposal Trustee recommends that this Court grant the Proposed Order extending the Stay Period from December 6, 2024 up to and including January 17, 2025.

All of which is submitted to this Court on this 2nd day of December 2024.

TERMS OF REFERENCE

5. In preparing this First Report and making the comments herein, the Proposal Trustee has been provided with, and has relied upon unaudited financial information, books and records and financial information prepared by the Company, discussions with the management and employees of the Company and other information from various sources (collectively the “Information”). Except as otherwise described in this First Report in respect of the Company’s Cash Flow Forecast:
 - a. The Proposal Trustee has reviewed the Information for reasonableness, internal consistency and use in the context in which it was provided. However, the Proposal Trustee has not audited or otherwise attempted to verify the accuracy or completeness of the Information in a manner that would wholly or partially comply with Generally Accepted Assurance Standards pursuant to the Chartered Professional Accountants Canada Handbook and, accordingly, the Proposal Trustee expresses no opinion or other form of assurance in respect of the Information; and
 - b. Some of the Information referred to in this First Report consists of forecasts and projections. An examination or review of the financial forecasts and projections, as outlined in the Chartered Professional Accounts Canada Handbook, has not been performed.

6. Future-oriented financial information referred to in this First Report was prepared based on management's estimates and assumptions. Readers are cautioned that since projections are based upon assumptions about future events and conditions that are not ascertainable, the actual results will vary from the projections, even if the assumptions materialize, and the variations could be significant.
7. Unless otherwise indicated, the Proposal Trustee's understanding of factual matters expressed in this First Report concerning the Company and its business is based on the Information, and not independent factual determinations made by the Proposal Trustee.
8. All references to monetary amounts in this First Report are in Canadian dollars unless otherwise noted.

OVERVIEW OF THE COMPANY

9. This First Report should be read in conjunction with the Sabeshan Affidavit for additional background and financial information with respect to the Company. Any terms not expressly defined herein are otherwise defined in the Sabeshan Affidavit.
10. Motryx is a privately held corporation, registered in Nova Scotia on January 12, 2015, as an extra-provincial corporation federal (Canada) company pursuant to the *Companies Act* of Nova Scotia. Originally incorporated as Maritime Biologgers Inc, the Company officially changed its business name to Motryx Inc. on April 1, 2019.
11. Founded and incorporated by Dr. Franziska Broell and Andre Bezanson as a tech startup, the Company entered the market as a disruptive technology providing an improved method to ensure the safety of blood samples transported in hospitals via pneumatic tube systems. The Company's patented technology, VitalQC, allows for blood sample transport in a manner that ensures quality diagnostics and accurate testing, and is supported by clinical research proving to be a unique solution to an existing problem in the pre-analytical stage of diagnostic laboratory testing.
12. By late 2021, Motryx's founders had decided to separate from the Company's day-to-day operations. Aerocom, a manufacturer of pneumatic tube systems based in Germany and with operations in 85 countries, purchased 49.9% of the outstanding shares of Motryx. The acquisition by Aerocom resulted in issues with the Company's capitalization table which still included Motryx's founders and did not provide for the issuance of a meaningful number of shares to the Company's leadership team. The following is the ownership structure of Motryx as at the Filing Date:

Owner	Shares Outstanding	Ownership Percentage
Andre Bezanson	738,154	9.6%
Franziska Broell	3,094,496	40.5%
Aerocom GmbH & Co.	3,817,350	49.9%
	<u>7,650,000</u>	<u>100.0%</u>

13. The Company has one (1) secured lender being Royal Bank of Canada (“RBC”) which provided the Company multiple credit card facilities. The Proposal Trustee has not completed a security opinion in respect of RBC’s security as at the date of the First Report. Attached hereto as **Appendix “B”** is a PPRS Search Result Report identifying the specific registration by RBC of a general security agreement, being the sole security registration against the Company.
14. The Company’s unsecured creditors primarily consist of privately held convertible debentures and notes payable, a term loan from the Atlantic Canada Opportunities Agency, and a refinanced Canada Emergency Business Account (CEBA) loan with RBC.

CIRCUMSTANCES LEADING UP TO THE PROPOSAL PROCEEDINGS

15. The Company attributes the causes of its financial difficulty to:
 - a. the Covid-19 pandemic’s impact on the priorities, in terms of time and resources, of Motryx’s potential customers, including hospitals and laboratory diagnostic providers, as regards to the importance of blood sample quality control within said facilities;
 - b. issues with the Company’s capitalization table created a significant obstacle and along with issued convertible notes maturing, made it challenging to raise new capital as the Company grew. This ultimately led to cash flow issues as the Company was unable to meet supplier and payroll obligations as they became due; and
 - c. although the Company’s patented technology entered the market, sales were slow to materialize due to:
 - i. the negative effect of the pneumatic tube systems on blood samples is largely unrecognized, unknown or understood by hospital laboratory clinicians;
 - ii. VitalQC is a new technology that is largely unknown in the Canadian and US markets and only recently is being referred by a limited number of early adopters in Europe; and
 - iii. a lack of urgency for hospitals to purchase VitalQC with globally recognized ISO certification requirements for blood sample transport stated in general terms, allowing only minimal efforts for validation.

16. As a result of the financial challenges faced by the Company, management started exploring options to restructure its operations, including a sale of the business or its assets.
17. Motryx does not own significant capital assets other than intellectual property (“IP”) and any interruption to the business is likely to impact supply and services to its customers and its partners. Preliminary discussions were held with parties thought to be potentially interested in Motryx’s assets prior to the Filing Date.
18. On September 27, 2024, the Company commenced the Proposal Proceedings under the BIA for the purpose of, among other things, creating stability for the Company’s operations and to permit the Proposal Trustee to conduct a sale and investment solicitation process (“Sale Process”) for the marketing and sale of the business as a going-concern, in whole or in part. The Proposal Proceedings were initiated to restructure the Company while maintaining the going concern operations to preserve employment, maximize recovery for creditors and stakeholders, and to avoid bankruptcy.
19. The Company’s draft financial statements for the year-ended December 31, 2023, report the following assets and liabilities at book values (the Company is in the process of updating its internal financials - noting limited operations in 2024):

Assets	
Cash	4,253

Retained Earnings	-1,963,495
	-1,947,830

20. The Company's draft financial statements indicate limited operations as at the end of fiscal 2023 (approximately \$150,000 in assets) and a significantly undercapitalized balance sheet with debt and negative retained earnings of approximately \$2 million, respectively.

 - b. engaged with RBC, with the assistance of the Proposal Trustee, to discuss and develop next steps contemplated in the Proposal Proceedings;
 - c. engaged with employees to address any questions and concerns about the Proposal Proceedings;
 - d. engaged with suppliers to ensure the supply of goods and services to Motryx are not interrupted;
 - e. negotiated financing to fund Motryx's working capital needs during the restructuring process and to pay critical suppliers such as employees, IP service providers, and restructuring professionals;
 - f. assisted the Proposal Trustee in the development of a Sale Process, including the development of materials required to conduct such a process, namely a prospective purchaser list, the population of a virtual data room and a teaser document; and
 - g. held discussions with the Proposal Trustee and a potential purchaser regarding a potential purchase of the Assets of the Company.

ACTIVITIES OF THE PROPOSAL TRUSTEE

22. The Proposal Trustee's Website has been established for the Proposal Proceedings. All court documents and certain other relevant documents have and will continue to be posted as they are made available.
23. In accordance with its obligations under the BIA, the Proposal Trustee prepared and sent a notice on October 2, 2024, which includes information about the Proposal Proceedings, to all known creditors, based on the contact information of such known creditors who have a claim against the

Company of more than \$250, by prepaid ordinary mail. Attached hereto as **Appendix “C”** is an Affidavit of Mailing with respect to the mailing of the NOI notice along with the creditor package.

24. In accordance with subsection 50.4(2)(c) of the BIA, the Proposal Trustee assisted the Company in the preparation of its Cash Flow Forecast. The Cash Flow Forecast, together with the aforementioned reports, is attached hereto as **Appendix “D”**.
25. In accordance with subsection 50.4(2)(b) of the BIA, the Proposal Trustee reviewed the Cash Flow Forecast and assessed its reasonableness.

 - f. participated in various meetings with the Company’s CEO and VP Business Development to gather information requirements for a virtual data room, to develop a teaser document and other promotional information, and to develop a prospective purchaser list to market the sales opportunity;
 - g. participated in discussions with Company representatives and its counsel, and a potential purchaser regarding a potential purchase of the Company’s Assets;
 - h. created a weekly monitoring protocol with the Company to allow the Proposal Trustee to review and report on the Company’s weekly cash receipts and disbursements; and
 - i. reviewed the Company’s actual receipts and disbursements.
27. Prepared this First Report, including reviewing the Company’s assets and operations, various financial reports and other related analysis.

CASH FLOW FORECAST AND PRELIMINARY RESULTS

28. Based on the Proposal Trustee’s review of the Cash Flow Forecast, there were no material assumptions which seem unreasonable in the present circumstances. The Proposal Trustee’s report on the Cash Flow Forecast is attached hereto as **Appendix “E”**.

29. The Cash Flow Forecast was prepared based on the following assumptions:
 - a. the restructuring process is intended to be funded primarily by the DIP Loan; and
 - b. disbursements consist of forecast expenses based on management estimates for on-going operations and for restructuring professional fees.
30. The Proposal Trustee has reviewed the Cash Flow Forecast, including its assumptions, through inquiries, analytical procedures and review of documents related to the information supplied by employees of the Company. Based on the Proposal Trustee's review, nothing has come to its attention that causes it to believe, as at the date of the First Report, the assumptions are not suitably supported and consistent with the plans of the Company or do not provide a reasonable basis for the Cash Flow Forecast.
31. The Cash Flow Forecast illustrates that during the Cash Flow Period, the Company will be cash flow neutral with obligations for operations and restructuring professionals to be funded by the DIP Loan.
32. The Proposal Trustee has monitored the actual cash flows since the Filing Date, which have not differed materially from the Cash Flow Forecast primarily due to the Company not having access to financing as the DIP Loan, and the associated DIP Financing Charge, is subject to Court approval.

PROPOSED STAY PERIOD EXTENSION

33. Under the BIA, the initial stay of proceedings will expire on October 27, 2024 (the "**Initial Stay Period**").
34. The Company seeks an extension of time to file a proposal for an additional 45 days to and including December 11, 2024 (the "**Proposed Stay Extension**"). The Proposed Stay Extension should permit the Proposal Trustee to commence and advance a Sale Process. Without the Proposed Stay Extension, the Company will not be in a position to make a viable proposal to its creditors and will become bankrupt to the detriment of its stakeholders.
35. It is the Proposal Trustee's view, based on the Cash Flow Forecast, including the required funding of the DIP Loan, that the Company will have sufficient liquidity to commence and advance a Sale Process and to satisfy post filing obligations as they come due during the Proposed Stay Extension.
36. In the Proposal Trustee's view, Motryx has acted and continues to act in good faith and with due diligence. The Proposal Trustee respectfully submits that the Company will likely be able to make a viable proposal if the Proposed Stay Extension is granted.
37. Based on the information presently available, the Proposal Trustee believes that the Company's creditors will not be materially prejudiced by the Proposed Stay Extension. Furthermore, the

Proposal Trustee is not aware of any creditor who opposes the requested extension of the Stay Period.

PROPOSED PRIORITY CHARGES

38. The Company seeks approval of two (2) priority charges on all of the current and future assets, undertakings, and properties of the Company, wherever located, including all proceeds thereof, ranking in the following order:
- a. first, the Administration Charge; and
 - b. second, the DIP Financing Charge.
39. The Proposal Trustee understands that the Company is providing its sole secured creditor, RBC, with notice of the relief being sought, including the proposed priority charges.

ADMINISTRATION CHARGE

40. The Company seeks approval of an Administration Charge up to a maximum amount of \$125,000 in favour of counsel to the Company, and the Proposal Trustee and its independent counsel, as security for the professional fees and disbursements incurred prior to and after the commencement of the Proposal Proceedings. Professional fee obligations secured by the Administration Charge will be paid in the ordinary course from funding provided by the DIP Loan.
41. The Proposal Trustee is of the view that given the current liquidity constraints of the Company, the proposed Administration Charge is required and reasonable in the circumstances. The Proposal Trustee is of the view that the Administration Charge is necessary for the effective participation of the professionals in the Proposal Proceedings and believes the quantum of the Administration Charge is reasonable in the circumstances based upon a review and assessment of the anticipated professional costs to be incurred during this matter.

DIP FINANCING CHARGE

42. The Company is seeking approval of the DIP Loan pursuant to which Aerocom, in its capacity as the proposed lender under the DIP Loan, has offered to make available to the Company a debtor-in possession loan of \$360,000 in order provide sufficient liquidity for Company operations and for the Proposal Trustee to complete a Sale Process.
43. A copy of the DIP Loan is attached as Exhibit C in the Sabeshan Affidavit. The material items, terms and conditions of the DIP Loan include the following:
- a. principal amount: \$360,000 (the “Maximum Amount”);
 - b. purpose of the loan: to fund the cash flow requirements of the Company on a going concern basis, unless otherwise approved by the DIP Lender and the Proposal Trustee,

in accordance with the Cash Flow Forecast, which primarily includes (i) the working capital requirements of the Company; (ii) professional fees and expenses incurred by the Company's counsel, the Proposal Trustee and its legal counsel, in respect to the Proposal Proceedings; and (iii) the costs associated with a Sale Process.

- c. interest rate: 10% per annum, payable on the Termination Date (defined herein);
- d. DIP Financing Charge and Court approval: the DIP Loan is to be secured by a Court-ordered priority charge over all of the Company's present and after-acquired property, assets and undertakings subject only to the Administration Charge;
- e. payment of Pre-Filing obligations: the Borrower shall not make or permit to be made any payment on account of obligations owing as of the date of the filing of the NOI by the Borrower without the prior consent of the Proposal Trustee and the DIP Lender, or pursuant to an Order of the Court; and
- f. repayment: the DIP Loan is to be repaid on the termination date, which is defined as the earlier of:
 - i. six (6) months following the initial advance under the DIP Loan or such other date agreed to by the DIP Lender in its sole discretion;
 - ii. the date upon which a transaction for the sale of all or substantially all of the business and assets of the Company is complete;
 - iii. the date of which the stay of proceedings provided for in the Proposal Proceedings is dismissed or terminated; and
 - iv. the occurrence of an event of default;

(the "Termination Date").

- 44. The Proposal Trustee believes the terms offered by the DIP Lender are reasonable and competitive in the circumstances.
- 45. The Proposal Trustee is of the view that the Company's request for approval of the DIP Loan and the DIP Financing Charge is required and reasonable in order to provide the Company necessary financing to maintain ongoing operations and conduct a Sale Process. Absent approval of this financing, the Company would be unable to obtain alternative financing to finance the restructuring of its business and would thus be forced to shut down operations and commence a liquidation of its assets, resulting in a termination of the Company's employees and lost value for the Company's creditors and stakeholders.
- 46. The Proposal Trustee understands the Company will seek approval from the Court to utilize the DIP Loan to finance pay pre-filing payments related to current employee payroll, an employee

expense reimbursement and certain critical suppliers which are necessary to facilitate the Company's on-going operations and to preserve value during the Proposal Proceedings. More detail on the relief being sought is provided below.

PROPOSED PRE-FILING PAYMENTS

47. The Company is seeking authorization to pay the following pre-filing obligations:
- a. payroll to current employees, and related source deductions owing to CRA, to compensate for time worked prior to the Proposal Proceedings, in the aggregate amount of \$52,500. The Cash Flow Forecast contemplates payment of pre-filing payroll and related remittances in four (4) weekly instalments commencing on the week ending October 18, 2024, however it is anticipated the payments will be delayed due to the timing of the Company's motion;
 - b. an employee expense reimbursement for a Company related expense incurred prior to the Filing Date in the amount of \$1,500; and
 - c. general subscriptions and dues owing to critical suppliers, namely, internet service providers for key applications and related services required by the Company to maintain its software applications and adequately service its customers and channel partners. The Cash Flow Forecast contemplates payment of said critical suppliers, the aggregate amount of which is not expected to exceed \$2,500.
48. Payment of the above noted pre-filing obligations will be made with the consent of the Proposal Trustee and the DIP Lender, and in the Proposal Trustee's view, are necessary to facilitate the Company's ongoing operations and preserve value during the Proposal Proceedings.

PROPOSAL TRUSTEE RECOMMENDATIONS

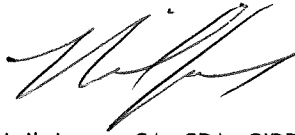

49. In the Proposal Trustee's view, Motryx has acted and continues to act in good faith and with due diligence. The Proposal Trustee respectfully submits that the Company will likely be able to make a viable proposal if the Proposed Stay Extension is granted and that no creditor will be materially prejudiced by the granting of the extension.
50. Based on the foregoing, the Proposal Trustee recommends that this Court grant the Proposed Order:
- a. extending the Initial Stay Period from October 27, 2024 up to and including December 11, 2024;
 - b. approving an Administration Charge in the amount of \$125,000, in favour of the Company's counsel, the Proposal Trustee and its counsel against the Company's Assets,

- as security for their respective fees and disbursements incurred at the standard rates and charges of the professionals involved with the Company's restructuring;
- c. approving the DIP Loan to be provided by Aerocom and the associated DIP Financing Charge against the Company's Assets; and
 - d. authorizing the Company to make certain payments to current employees for pre-filing payroll and related source deductions, an employee expense reimbursement, and to pay certain critical suppliers for pre-filing obligations, which are necessary to facilitate the Company's ongoing operations and preserve value during the Proposal Proceedings.

All of which is submitted to this Court on this 16th day of October 2024.

INSOLVENT'S REPORT ON STATEMENT OF PROJECTED CASH-FLOW
(Section 50(6)(c) and 50.4(2)(c))

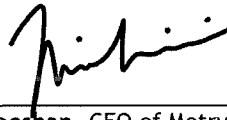

I, Niva Sabeshan, Chief Executive Officer of Motryx Inc., an insolvent, have developed the assumptions and reviewed the attached statement of projected cash-flow of the insolvent as of the week ending October 4, 2024, consisting of the cash-flow statement and cash-flow assumptions.

The hypothetical assumptions are reasonable and consistent with the purpose of the projection described in the notes attached, and the probable assumptions are suitably supported and consistent with the plans of the insolvent and provide a reasonable basis for the projection. All such assumptions have been disclosed in the notes attached.

Since the projection is based on assumptions regarding future events, actual results will vary from the information presented and the variations may be material.

The projection has been prepared solely for the purpose described in the notes attached, using the probable and hypothetical assumptions set out in the notes attached. Consequently, readers are cautioned that it may not be appropriate for other purposes.

NOTES TO THE STATEMENT OF PROJECTED CASH FLOW
(Section 50(6)(a) and 50.4(2)(a))

Note A: The statement of projected cash flow is being filed pursuant to the Bankruptcy and Insolvency Act s.50(6)(a) and s.50.(6) in association with the Notice of Intention to file a Proposal for Motryx Inc., an insolvent.

Note B: The following assumptions were used by management of the insolvent in the preparation of the statement of projected cash flow of the Insolvent:

General

The statement of projected cash flow covers a period of 13 weeks from the week ending October 4, 2024 through December 27, 2024. This period is expected to cover the time required to conduct a sales process for the insolvent's assets and obtain a sale and vesting order from the Supreme Court of Nova Scotia, In Bankruptcy.

Receipts

- The restructuring process for the insolvent is intended to be funded primarily by debtor-in-possession financing.

Disbursements

- Disbursements consist of forecast expenses based on management estimates for on-going operations and for restructuring professional fees.

TRUSTEE'S REPORT ON STATEMENT OF PROJECTED CASH-FLOW
(Section 50(6)(b) and 50.4(2)(b))

The attached statement of projected cash-flow of Motryx Inc., an insolvent, as of the week ending October 4, 2024, consisting of the cash-flow statement and cash-flow assumptions, has been prepared by the management of the insolvent for the purpose described in the notes attached, using probable and hypothetical assumptions as set out in the notes attached.

Our review consisted of inquiries, analytical procedures and discussion related to information supplied to us by the management and employees of the insolvent. Since hypothetical assumptions need not be supported, our procedures with respect to them were limited to evaluating whether they were consistent with the purpose of the projection. We have also reviewed the support provided by the management for the probable assumptions and the preparation and presentation of the projection.

Based on our review, nothing has come to our attention that causes us to believe that, in all material respects:

- (a) the hypothetical assumptions are not consistent with the purpose of the projection.
- (b) as at the date of this report, the probable assumptions developed are not suitably supported and consistent with the plans of the insolvent debtor or do not provide a reasonable basis for the projection, given the hypothetical assumptions; or
- (c) the projection does not reflect the probable and hypothetical assumptions.

Since the projection is based on assumptions regarding future events, actual results will vary from the information presented even if the hypothetical assumptions occur, and the variations may be material. Accordingly, we express no assurance as to whether the projection will be achieved.

The projection has been prepared solely for the purpose described in the notes attached, and readers are cautioned that it may not be appropriate for other purposes.

Notes:

1 - The Company's Cash Flow Forecast projected collection of the first, second and third tranches of DIP Financing of \$120,000 each by the week ending November 15, 2024, however only the first and second tranches have been collected. The Company understands the DIP Lender processed payment of the third tranche which has been collected by the Company's counsel as of the week ending November 29, 2024.

2 - Due to delay in collection of the third DIP Financing tranche, the Company has delayed payment of certain direct and indirect operational expenses in order to manage cash flow. Said variances in operational expenses are expected to primarily be timing differences.

3 - A preauthorized payment towards the Company's term loan with the Atlantic Canada Opportunities Agency (ACOA) was processed shortly after the NOI filing. The Company is working with ACOA representatives in attempt to have this payment reversed.

4 - The Company incurred preauthorized payments on its credit card facilities held with RBC, however post-filing pre-authorized payments charged to said credit card facilities related to general subscriptions to various on-line platforms resulted in a net payment on the credit card facilities of less than \$400.

INSOLVENT'S REPORT ON STATEMENT OF PROJECTED CASH-FLOW
(Section 50(6)(c) and 50.4(2)(c))

I, Niva Sabeshan, Chief Executive Officer of Motryx Inc., an insolvent, have developed the assumptions and reviewed the attached statement of projected cash-flow of the insolvent covering the period December 2, 2024, to February 28, 2025, consisting of the cash-flow statement and cash-flow assumptions.

The hypothetical assumptions are reasonable and consistent with the purpose of the projection described in the notes attached, and the probable assumptions are suitably supported and consistent with the plans of the insolvent and provide a reasonable basis for the projection. All such assumptions have been disclosed in the notes attached.

Since the projection is based on assumptions regarding future events, actual results will vary from the information presented and the variations may be material.

The projection has been prepared solely for the purpose described in the notes attached, using the probable and hypothetical assumptions set out in the notes attached. Consequently, readers are cautioned that it may not be appropriate for other purposes.

NOTES TO THE STATEMENT OF PROJECTED CASH FLOW
(Section 50(6)(a) and 50.4(2)(a))

Note A: The statement of projected cash flow is being filed pursuant to the Bankruptcy and Insolvency Act s.50(6)(a) and s.50.(6) in association with the Notice of Intention to file a Proposal for Motryx Inc., an insolvent.

Note B: The following assumptions were used by management of the insolvent in the preparation of the statement of projected cash flow of the Insolvent:

General

The statement of projected cash flow covers a period of 13 weeks from December 2, 2024, to February 28, 2025. This period is expected to cover the time required to conduct a sales process for the insolvent's assets and obtain a sale and vesting order from the Supreme Court of Nova Scotia, In Bankruptcy.

Receipts

- The restructuring process for the insolvent is intended to be funded primarily by debtor-in-possession financing.

Disbursements

- Disbursements consist of forecast expenses based on management estimates for on-going operations and for restructuring professional fees.

TRUSTEE'S REPORT ON STATEMENT OF PROJECTED CASH-FLOW
(Section 50(6)(b) and 50.4(2)(b))

The attached statement of projected cash-flow of Motryx Inc., an insolvent, covering the period December 2, 2024, to February 28, 2025, consisting of the cash-flow statement and cash-flow assumptions, has been prepared by the management of the insolvent for the purpose described in the notes attached, using probable and hypothetical assumptions as set out in the notes attached.

Our review consisted of inquiries, analytical procedures and discussion related to information supplied to us by the management and employees of the insolvent. Since hypothetical assumptions need not be supported, our procedures with respect to them were limited to evaluating whether they were consistent with the purpose of the projection. We have also reviewed the support provided by the management for the probable assumptions and the preparation and presentation of the projection.

Based on our review, nothing has come to our attention that causes us to believe that, in all material respects:

- (a) the hypothetical assumptions are not consistent with the purpose of the projection.
- (b) as at the date of this report, the probable assumptions developed are not suitably supported and consistent with the plans of the insolvent debtor or do not provide a reasonable basis for the projection, given the hypothetical assumptions; or
- (c) the projection does not reflect the probable and hypothetical assumptions.

Since the projection is based on assumptions regarding future events, actual results will vary from the information presented even if the hypothetical assumptions occur, and the variations may be material. Accordingly, we express no assurance as to whether the projection will be achieved.

The projection has been prepared solely for the purpose described in the notes attached, and readers are cautioned that it may not be appropriate for other purposes.
