I. INTRODUCTION

1. Pursuant to an application by the Petitioner, the Royal Bank of Canada (“**RBC**” or the “**Bank**”), the Supreme Court of British Columbia (the “**Court**”) granted an Order dated April 10, 2025, effective May 1, 2025 (the “**Receivership Order**”), appointing BDO Canada Limited (“**BDO**”) as receiver of the assets, undertakings, and property of Briere Production Group Inc. (“**Production**”) and Briere Transportation Ltd. (“**Transportation**” and, together with Production, the “**Briere Group**” or the “**Companies**”). A copy of the Receivership Order is attached hereto as **Appendix A**.

II. PURPOSE OF THIS REPORT

- f) The Receiver's application for an Order of this Honourable Court granting the Receiver the authority to assign the companies into bankruptcy;
- g) The Receiver's application for an Order of this Honourable Court approving the Receiver's distribution of the proceeds of the sale in accordance with the priorities; and,
- h) The conduct of the principal of the Companies, Christopher Briere.

III. SCOPE AND TERMS OF REFERENCE

- 3. In preparing this Report and in making the recommendations contained herein, the Receiver has relied upon information obtained from discussions with industry experts, creditors, and where appropriate and available, the Companies' books and records.
- 4. The Receiver has not audited, reviewed, or otherwise attempted to verify the accuracy and completeness of such information, and, accordingly, the Receiver expresses no opinion or other assurance in respect of such information as reflected in this Report.
- 5. All references to dollars are in Canadian currency unless otherwise noted.

IV. BACKGROUND

- 6. Production operated a rental and production services company, providing audio and visual equipment and services for events, headquartered out of Burnaby, BC. Production was incorporated on September 30, 2005.
- 7. Transportation offered transportation solutions for the production and entertainment industries, as well as a variety of other industries that require trucking services, headquartered in Burnaby, BC. Transportation was incorporated on September 1, 2016.

8. The principal of both companies is Christopher Briere.

V. **THE BUSINESS, ASSETS, AND LIABILITIES**

The Business

Briere Production Group Inc.

9. Production operated a production services business headquartered at 8061 Lougheed Highway, Burnaby, British Columbia.
10. The Company employed twelve individuals. Of these, approximately five employees, while formally employed by Production, primarily performed duties related to the operations of Transportation.
11. The Receiver identified that Production maintained an insurance policy. The Receiver reviewed the policy to confirm its adequacy and insured that a vacancy permit was added to the policy given the operations of the Companies had ceased.
12. Christopher Briere has provided limited cooperation to the Receiver and, in several instances, has taken actions contrary to the interests of the receivership, as detailed further in this Report. Consequently, access to complete financial records has not been obtained by the Receiver.
13. The financial statements for the fiscal year ended October 31, 2024, reflect revenues of approximately \$5,109,591 and net income of \$689,860.

Briere Transportation Ltd.

14. Transportation operated a transportation services business headquartered at 8061 Lougheed Highway, Burnaby, British Columbia.
15. The Receiver notes that it appears all employees of Transportation were, in fact, formally employed by Production. As previously noted, the Receiver estimates that approximately five individuals fell within this category, including four truck drivers.

16. Christopher Briere has offered only limited cooperation to the Receiver and, in several instances, has taken actions contrary to the interests of the Receivership, as further outlined in this Report. Consequently, the financial records available to the Receiver are incomplete.
17. Financial statements for the fiscal year ended October 31, 2024, reflect revenues of \$1,988,244 and a net loss of \$492,947.

Assets

Briere Production Group Inc.

18. On May 1, 2025, the effective date of the Receivership Order, the Receiver attended the Companies' premises in Burnaby, British Columbia. Prior to attending, on April 14, 2025, the Receiver issued a formal request for information to Christopher Briere. No response was received, nor was any information prepared for the Receiver when it attended the premises on May 1, 2025.
19. Upon attending the premises, the Receiver observed that Production had commenced preparations for three events scheduled to take place on May 3 and 4, 2025. These preparations included preparing equipment and loading it into trucks for transport. A portion of the equipment, belonging to Production, had already been packed into a 53-foot trailer owned by Transportation.
20. The balance of the equipment remained within the warehouse.
21. The primary assets of Production consist of inventory utilized in the provision of event services, including audio and visual equipment, staging, and lighting.
22. At the time of attendance, the Receiver and Christopher Briere discussed the possibility of allowing the three scheduled events, including providing production services to the BMO Marathon, to proceed.

23. The Receiver conducted an analysis of the three projects with input from Christopher Briere to determine the go forward costs and benefits to the Receiver of continuing with the events.
24. The Receiver engaged with the event organizers to advise of the receivership and that continuation of the events would require an increase in payment to ensure full cost recovery. This was due to the fact that deposits had been received prior to the receivership, but the remaining revenues would not otherwise be sufficient to offset the associated costs. The event organizers accepted the revised pricing model.
25. As a result, the Receiver authorized the events to proceed. Christopher Briere directed the work of Production in order to complete the events.
26. Following the completion of the events, Christopher Briere's cooperation with the Receiver became severely limited.
27. Christopher Briere provided an inventory listing on May 9, 2025, despite requests for this to be provided on May 1, 2025. Upon receipt, the Receiver retained a third-party contractor to assist in conducting an inventory count. The listing included over 1,800 items, many of nominal value, making a complete count impractical.
28. The inventory was predominantly stored in cases stacked on warehouse racking with no clear identifiers. Although each case bore a code, these codes were not referenced in the inventory listing, and Christopher Briere refused to assist the Receiver in interpreting them or providing assistance with an inventory count. Given the specialized nature of the inventory, item identification was a labor-intensive process further impeded by the Christopher Briere's refusal to cooperate.
29. The Receiver engaged Able Auctions (the "**Contractors**") to operate a forklift and retrieve each case for inspection. The Contractors opened each case, identified the contents, and compared them against the provided inventory listing.
30. During the inventory process, the Receiver received multiple communications from industry competitors indicating that certain items may be missing from the warehouse

and the inventory list. Specifically, it was suggested that an INFiLED video wall was unaccounted for. Further details regarding these concerns are addressed later in this Report.

31. The Receiver received the unsolicited information regarding missing items from industry insiders who often work and collaborate with multiple live event production companies and are thus privy to and aware of company equipment and its location.
32. Based on the partial inventory count conducted, the Receiver concluded that the majority of high-value items listed on the inventory list were located at the warehouse.
33. Other assets owned by Production include office furniture and equipment, a forklift, warehouse racking, and a leased 2023 Ford F450.
34. The Receiver notes that certain inventory items are leased or otherwise subject to specific security interests.
35. The 2023 Ford F450 is leased from Ford Credit, with an outstanding balance of \$109,630.48.
36. The Receiver has not been able to locate the Ford F450 and Christopher Briere has failed to provide its location. As there is no apparent equity in this asset, the Receiver has released its interest therein to Ford Credit.
37. The only other asset identified by the Receiver is a bank balance of \$151,751. While the Receiver notes that Production has reported an accounts receivable balance of approximately \$1.4 million, this amount consists primarily of an intercompany receivable of \$1.5 million owing from Transportation. The remaining balance represents deposits received in advance for future shows, which have been recorded as a credit to accounts receivable.
38. Despite multiple requests, the Receiver has not been granted access to Production's complete books and records, including its server and inventory management system.

As a result, although it appears that the substantial majority of assets have been recovered, the Receiver cannot provide absolute certainty in this regard.

Briere Transportation Ltd.

39. Transportation's head office was located within the same premises as that of Production.
40. Transportation's assets were comprised of the following:
 - a) One 2013 53-foot Manac commercial trailer (the "**Manac**");
 - b) One 2012 Hino 5-ton box truck (the "**Hino**");
 - c) Four 2024 53-foot commercial trailers (the "**Ocean Trailers**"), leased from Ocean Trailer;
 - d) One 2020 Grand Design Momentum 3 trailer (the "**Momentum**"), financed by the Bank of Nova Scotia ("**Scotiabank**"); and,
 - e) One 2018 Kenworth T680 tractor (the "**Kenworth**"), financed by the Bank of Montreal ("**BMO**").
41. The Manac and Hino are owned by Transport and not subject to any financing charges. Both vehicles are currently in the Receiver's possession.
42. The Ocean Trailers leases are subject to specific security registered in favour of Ocean Trailer, with an outstanding balance of \$240,888. As there is no apparent equity in these assets, the Receiver has released its interest therein to Ocean Trailer.
43. The Momentum trailer is subject to a registered security interest in favour of Scotiabank, with an outstanding balance of \$119,944.33. The location of the Momentum remains unknown and Christopher Briere has refused to advise the Receiver of its location. In light of the apparent absence of equity, the Receiver intends to release its interest in this asset to Scotiabank.

44. The Kenworth is encumbered by a registered security interest in favour of BMO in the amount of \$27,070, as well as a possessory garage-keeper's lien of approximately \$20,000. Given that there is no equity in the Kenworth, the Receiver has released its interest in the asset to BMO.
45. The Receiver has been unable to obtain the ignition key for the Hino. Despite multiple requests to Christopher Briere, the key has not been provided. The Receiver contacted the original dealership and arranged for a replacement key to be cut; however, this key does not operate the ignition, which appears to have been replaced with a different unit requiring a new key code. Efforts to resolve this issue remain ongoing. A steering wheel lock has also been affixed to the vehicle, and the Receiver is currently unaware of the whereabouts of the corresponding key.
46. As at the date of the Receivership, the Receiver identified an accounts receivable balance of \$98,950.46 and a bank balance of \$25,747.88. The Receiver notes that Christopher Briere has not provided the underlying invoices or supporting documentation in respect of the accounts receivable balance. As at the date of this Report, the Receiver has recovered \$32,750.57 on account of the receivables. Collection efforts in respect of the remaining balance are ongoing; however Christopher Briere's failure to provide supporting documentation has hampered efforts.

Liabilities (Production)

47. The estimated liabilities of Production that rank in priority to the first-ranking general secured creditors, RBC and the Business Development Bank of Canada ("BDC"), are summarized in the table below.

Priority Liabilities	Production (\$000's)
CRA - Source Deductions	687
CRA - GST	104
WEPP Super Priority	24
Meridian Onecap Credit Corp.	35
Vault Credit Corporation	20
Total	870

48. A priority agreement was executed between BDC and RBC, pursuant to which BDC holds a priority security interests over certain specified assets.
49. As of May 1, 2025, the Companies are collectively indebted to RBC in the estimated amount of \$1,588,479.71.
50. The Receiver estimates that BDC is owed approximately \$325,000.
51. The indebtedness to RBC is jointly and severally owed by both of the Companies and is secured by cross-collateralized security and cross-guarantees.

Priority Claims

52. The Canada Revenue Agency (“CRA”) has submitted deemed trust claims in respect of Production for amounts owing as at December 31, 2024, as follows:
- a) Goods and Services Tax (“GST”) – \$104,124.29; and
 - b) Payroll source deductions – \$598,545.88.
53. The Receiver notes that payroll source deductions, and GST claims (subject to the Companies’ bankruptcy), rank in priority to the secured claim of RBC.
54. The CRA has commenced a further trust examination in respect of Production for the period up to the date of receivership, May 1, 2025. The Receiver estimates that an additional \$88,000 may become owing as a result of this audit.

55. As of the date of this Report, 12 claims have been submitted under the Wage Earner Protection Program (“**WEPP**”) in relation to Production. Claims relating to unpaid wages and payroll source deductions, up to a statutory maximum of \$2,000 per employee, rank in priority to the secured claim of RBC.
56. In addition, several creditors hold security interests registered against specific assets of Production, as follows:
- a) Meridian Onecap Credit Corp. (“**Meridian**”) – specific security over certain inventory assets; and
 - b) Vault Credit Corporation (“**Vault**”) – specific security over certain inventory assets.

Liabilities (Transportation)

57. The Toronto-Dominion Bank (“**TD**”) holds a security agreement and personal guarantee over the assets of Transportation pursuant to a business line of credit. As at July 7, 2025, the outstanding indebtedness owing to TD was \$43,930.14 with interest accruing at 9.85% per annum.
58. RBC also holds a general security agreement against Transportation. The Receiver’s counsel has reviewed TD’s security and confirmed it to be valid and that it ranks in priority to RBC.

VI. ACTIVITIES OF THE RECEIVER

59. Since the issuance of the Receivership Order, the Receiver has undertaken the following activities:
- a) Performed its statutory obligations pursuant to subsections 245(1) and 246(1) of the Bankruptcy and Insolvency Act (Canada), in relation to creditor and Official Receiver notification;

- b) Attended at the Companies' premises located at 8061 Lougheed Highway, Burnaby, British Columbia;
- c) Completed certain customer engagements to enhance recoveries for creditors;
- d) Engaged the services of bailiffs and security personnel to secure the premises and safeguard the Companies' assets;
- e) Arranged for periodic security patrols of the premises;
- f) Retained Gowling WLG as independent legal counsel to the Receiver;
- g) Administered 12 WEPP claims;
- h) Issued Records of Employment;
- i) Retained contractors to assist with inventory identification;
- j) Solicited expressions of interest and offers for the purchase of the Companies' inventory, vehicles, and intellectual property;
- k) Solicited auction proposals for the disposition of assets;
- l) Coordinated inventory and asset viewings for prospective purchasers;
- m) Reviewed offers and proposals received in respect of the inventory and assets, and consulted with RBC regarding the same;
- n) Engaged necessary service providers for alarm systems, security, and utilities;
- o) Secured the Companies' assets, including obtaining and reviewing bank statements;
- p) Provided regular updates to RBC regarding the status of the receivership;

- q) Procured appropriate insurance coverage for the Companies' assets and properties;
- r) Contacted parties with registered security interests in specific assets; and
- s) Prepared this Report.

VII. SALES PROCESS OF THE RECEIVER

Identification of the Inventory

- 60. The Receiver's efforts to identify and verify the inventory were significantly hindered by the limited cooperation received from Christopher Briere. The inventory listing provided lacked any location identifiers, making it extremely difficult to match items stored within the warehouse against the listings, particularly as many were stored on high shelving requiring the use of a forklift.
- 61. To facilitate the identification process, the Receiver engaged Contractors to assist with an inventory count. This involved opening each case, identifying the contents, and cross-referencing them with the inventory listing previously supplied.
- 62. Given that the inventory comprised more than 1,800 individual items, a full count was deemed impractical.
- 63. Minimal discrepancies were identified during the count—each item inspected was included on the inventory listing provided by Christopher Briere.

Sales Process

- 64. The Receiver contacted 50 companies operating within the same or a similar industry across Canada and circulated marketing materials (the "**Teaser**") regarding the sale of the Companies' assets. A copy of the Teaser is attached as **Appendix B**.
- 65. The Teaser outlined the sale process and invited interested parties to contact the Receiver for further information and to arrange inventory viewings.

66. All parties were advised that the process would be conducted on a sealed bid basis and were encouraged to submit their most competitive offers.
67. A total of 21 parties responded with requests for further information. An additional four parties, who became aware of the process through other channels, also contacted the Receiver.
68. Of the 25 parties who requested further details, five requested to view the inventory in person.
69. The Receiver also contacted six auctioneers and received proposals from five of them.
70. Six parties submitted formal offers by the offer deadline of June 6, 2025. Four of these offers were for the entire inventory of Production; in one instance, the offer also included the office equipment, intellectual property (“**IP**”) of both Companies and the Manac. The remaining two offers were limited to select items of inventory.
71. No offers were received for the equipment owned by Transport, other than the Manac.
72. The most favourable offer received for the complete inventory of Production was submitted by Sound Waves Entertainment Network Ltd. (“**Sound Waves**”) in the amount of \$1,705,000. In addition to the inventory, Sound Waves offered \$20,000 for the intellectual property and \$5,000 for the office equipment. The total offer is for \$1,730,000. The offer was expressly conditional upon the acquisition of both the intellectual property and the inventory as a combined transaction.
73. The Receiver then engaged in negotiations with Sound Waves with a view to coming to terms on a written agreement for the sale. The negotiations took place from roughly June 11, 2025, to June 27, 2025.
74. Subsequent to the sales offer deadline set out in the sales process, while the Receiver was negotiating the form of offer with Sound Waves, the Receiver received an offer from Sound Art Leasing Inc. (“**Sound Art**”) for \$1,730,000 for the inventory assets.

Sound Art had previously submitted a lower offer and provided a deposit by the sales offer deadline.

75. Despite the receipt of the offer from Sound Art, the Receiver continued its negotiations with Sounds Waves as (a) those negotiations appeared to be nearing completion, (b) Sound Waves had demonstrated its good faith intention and ability to complete the proposed sale, and (c) Sound Waves had complied with the process set out by the Receiver.
76. The Receiver concluded that the Asset Purchase Agreement (the “**APA**”) negotiated with Sound Waves for the sale of the inventory, office equipment, and IP was the highest and best offer received. A copy of the APA is attached hereto as **Appendix C**.

Transportation Assets

77. No acceptable offers were made for the Transportation assets, namely the Hino and Manac.
78. Able Auctions has proposed to include the Hino and Manac in an upcoming industrial and vehicle auction. Their proposal includes a commission fee of 10% of the gross sale proceeds, in addition to applicable transportation and handling costs. The Receiver has engaged Able Auctions to auction the Hino and Manac.
79. Pursuant to the Receiver’s powers granted under the Receivership Order, the Receiver may without the approval of the court sell the Property of the Companies for consideration of up to \$50,000 in a single transaction, provided that the aggregate consideration for all such transactions does not exceed \$200,000.

VIII. EVALUATION OF OFFERS

80. The Receiver received various proposals for the disposition of the Companies’ inventory, including offers to auction the inventory, to purchase individual items, and to acquire the inventory on an en bloc basis. All proposals were reviewed in

consultation with the major first-ranking general secured creditor, RBC, and its legal counsel.

81. In evaluating the proposals and offers, the Receiver considered, among other things, the following factors:
- a) The total consideration offered, including amounts allocated to inventory, equipment, intellectual property, and other assets;
 - b) Whether the offer was for all assets en bloc or limited to select assets; and whether the offer was conditional on the acquisition of specific assets as a package;
 - c) The offer complied with the sales process outlined by the Receiver;
 - d) That all prospective purchasers are treated equally;
 - e) The likelihood that the transaction would close in a timely and unconditional manner;
 - f) The proposed closing timeline and the impact of any delays on the estate's costs and recovery to creditors;
 - g) The Receiver's obligation to act in the best interests of all stakeholders and to maximize realizations for the benefit of creditors;
 - h) The input and level of support from RBC and its legal counsel for the recommended transaction;
 - i) The anticipated costs and risks associated with alternative disposition strategies, such as auction or piecemeal liquidation, including holding and security costs; and
 - j) The extent to which an offer eliminates residual asset risk, such as stranded inventory, unsellable items, or storage obligations.

82. The Receiver has concerns with respect to the timing of completing a sale of the assets. Briere has been under a month-to-month lease agreement prior to receivership and the landlord has advised that a new tenant is already secured and is seeking immediate possession of the premises. Furthermore, the landlord has indicated that it may seek to terminate the lease upon 30 days' notice, despite the Receivership Order. The Receiver's view is that it is highly desirable that a transaction close at least 5 days prior to the end of July 2025 to allow sufficient time to vacate the premises.
83. The Receiver is of the view that the sales process was conducted in a fair and transparent manner, and that all interested parties were afforded an equal opportunity to access relevant information and submit offers or proposals.
84. The Receiver further submits that, under the circumstances, the sales process was appropriately structured and of sufficient duration to optimize realizations from the Companies' assets.
85. The Receiver believes the relevant market was thoroughly canvassed and that all reasonable steps were taken, including leveraging the Receiver's network of professionals, to identify and engage with prospective purchasers.
86. The Receiver respectfully seeks this Honourable Court's approval of the sale of the inventory, office equipment, and intellectual property to Sound Waves pursuant to the APA.
87. The key terms of the APA include:
- a) Price: \$1,730,000.
 - b) Purchased Assets include:
 - i. Production's equipment and inventory, wherever located;
 - ii. The records associated with the equipment and inventory, including the log in information for Production's Flex Rental Solutions account;

- iii. Production's intellectual property.
 - c) Closing: two (2) business days after Court Approval.
 - d) Premises vacated: five (5) business days after closing.
88. The APA expressly includes the sale of any Production assets that are not in the Receiver's possession. As discussed in this Report, there are various Production assets which are unaccounted for and their location has not been provided by Christopher Briere despite requests for the same. Based on the available information the Receiver estimates the value of the unaccounted for assets to be approximately \$100,000. That estimate is not currently verifiable and any recovery of those amounts is speculative. The costs of extending the receivership to pursue, and potentially locate, take possession of, secure, market, and sell any additional assets is likely to approach or exceed that amount. Given the speculative nature of the potential recovery, the Receiver's view is that selling these assets to Sound Waves pursuant to the APA is preferable to pursuing them in the receivership.

IX. MANAGEMENT'S CONDUCT

89. Throughout the course of the receivership, Christopher Briere has consistently taken actions contrary to the interests of the receivership, demonstrating a pattern of non-cooperation and obstruction.
90. The Receiver has learned of an INFiLED video wall ("**Video Wall**") that had previously been used by Production and was not present at the Companies' premises.
91. Further, the Receiver has requested for the return and location of both the Ford F450 and the Momentum trailer. To date Christopher Briere has failed to comply with the Receiver's multiple demands for their return and disclosure of their location.
92. Information received by the Receiver suggested that the aforementioned Video Wall was not included in the inventory listing provided by Christopher Briere and could

- not be located on-site. However, the Receiver identified shipping documents dated August 3, 2024, referencing the movement of this asset to 1455 NW Leary Way, Suite 400, Seattle, WA, USA, 98107, indicating that it was previously in Production's possession.
93. The Receiver was informed that an Allen & Heath console was missing from the warehouse and the inventory listing. The Receiver identified a social media post made by the Christopher Briere on May 9, 2025, eight days after the effective date of the Receivership, showing the missing console with the caption: "The Shop is busy with preps this week. Here is a nice little control package with an Allen & Heath S7000 for FOH plus with Shure IEM, RF and a Whirlwind split".
94. The Receiver obtained access to the Companies' inventory management system, Flex Rental Solutions on June 27, 2025. The Receiver determined that the Allen & Heath S7000 console ("**S7000**") was indeed previously listed as an asset owned by Production. A review of system-generated reports identifying deleted items revealed that the S7000 console had been removed from the inventory database on May 7, 2025 — six days after the effective date of the Receivership. In addition to the S7000, the Receiver identified five other items deleted from the system on the same date, including:
- a) Allen & Heath DM64 MixRack ("**DM64**") – original purchase cost of \$17,300;
 - b) Case – Allen & Heath S7000 – original purchase cost of \$1,969.35;
 - c) DiGiCo SD12-96 Digital Console (HMA);
 - d) DiGiCo D2-Rack 48 x 32 – MADI; and
 - e) Case – DiGiCo SD12.
95. The Receiver has confirmed that the S7000 and the DM64 are not located on site. It has not had an opportunity to verify if any of the other items listed are on site. In

- conjunction with the Video Wall, the Receiver estimates the value of these three missing items to be approximately \$100,000.
96. The Ford F450 and Momentum trailer have not been recovered by the Receiver. Despite multiple requests, Christopher Briere has failed to provide their location. An employee at West Coast Ford advised the Receiver that Christopher Briere was seeking to trade in the Ford F450. Additionally, in correspondence dated June 9, 2025, Christopher Briere stated that there was no equity in either vehicle and attached communications with West Coast Ford and Travel Land RV suggesting they were actively marketing the vehicles for sale or trade.
 97. Regardless of whether Christopher Briere believes there is any equity in the vehicles, the Receiver has a duty to conduct its own due diligence, including confirming the validity of the lessor's security against the vehicles.
 98. The Receiver has also held discussions with various industry participants who expressed concerns that other items of inventory may be missing. The Receiver continues to investigate these claims.
 99. The Receiver attempted to engage employees of the Companies to assist with the receivership process. However, it became apparent that these individuals were acting under the direction of Christopher Briere and not independently, significantly limiting their cooperation with the Receiver.
 100. Christopher Briere was persistently slow in providing information requested by the Receiver. When documentation was eventually received, it was often incomplete or appeared to be altered. In particular, the inventory listing provided by Christopher Briere raised concerns as to its reliability and accuracy.
 101. Christopher Briere has continued to operate under a new corporate entity, Briere Production Group (2025) Inc. ("**BPG 2025**"), which was incorporated on February 27, 2023, but changed its name to its current name on May 6, 2025. This entity has since carried out various events post receivership, including the Cloverdale Rodeo,

many of which were previously contracts of Production. These contracts were not assigned by the Receiver.

102. The Receiver had several conversations with prospective purchasers who stated that Christopher Briere has informed industry participants that “Briere” remains in operation and will continue under the new entity. The prospective purchasers also noted that Christopher Briere further represented that he had submitted an offer to repurchase the assets and intended to resume operations with the same equipment. These statements appear to have been made in an effort to dissuade other potential purchasers from bidding on the inventory, thereby suppressing competitive market interest and impairing recovery efforts. The Receiver is not aware of Mr. Briere’s participation in any of the offers received.
103. Christopher Briere has failed to respond to multiple requests and demands from the Receiver, including correspondence issued by the Receiver’s legal counsel. Outstanding items include access to the Companies’ books and records and the operating server, and alarm codes.
104. The following information remains outstanding from Christopher Briere:
 - a) Copies of all invoices supporting amounts currently outstanding and receivable by the Companies;
 - b) The current whereabouts of the Ford vehicle and the Momentum trailer, as well as the location of any other unaccounted-for assets;
 - c) A copy of the server or equivalent data storage device containing the Companies’ accounting records and financial data;
 - d) A comprehensive inventory listing, including detailed location identifiers for all items;
 - e) A listing of all deposits received in respect of future projects or unfulfilled customer engagements;

- f) A schedule of any third-party owned or rented equipment in the possession of the Companies; and
 - g) A consolidated asset listing categorized by each legal entity.
105. Christopher Briere's conduct has materially hindered the administration of the estate and resulted in significant additional time, cost, and effort by the Receiver in order to safeguard and realize on the Companies' assets.
106. The Receiver requests this Honourable Court grant an Order requiring Christopher Briere to comply with the Receivership Order and produce and provide access to the Companies books and records amongst other things.

Intellectual Property

107. The Receiver has identified the following intellectual property (“IP”) assets associated with the Companies:
- a) The Companies' website – <https://briereproductiongroup.com>;
 - b) Phone numbers associated with the Briere Group;
 - c) A Facebook business page – <https://www.facebook.com/BriereProductionGroup>;
 - d) A LinkedIn company page – <https://www.linkedin.com/company/briere-production-group-inc-/?originalSubdomain=ca>;
 - e) An Instagram profile – <https://www.instagram.com/briereproduction/?hl=en>; and
 - f) A Flex Rental Solutions cloud-based inventory and rental management software account (“Flex”).

108. On June 27, 2025, the Receiver obtained access to the Flex platform from Flex as Christopher Briere had refused to provide the Receiver with access. The Receiver has determined that certain assets are unaccounted for, as previously explained.
109. Upon completion of the sale of the assets, the Receiver will provide to the purchaser access to Flex and make efforts to provide any other IP assets aforementioned that may be in the Receiver's possession.
110. The Receiver respectfully requests that this Honourable Court issue a production Order reiterating paragraphs 4-7 of the Receivership Order, and compelling Christopher Briere to provide complete access to the Companies books and records in electronic format within two (2) business days of the Order. For clarity, this includes all access credentials, passwords, and administrative rights necessary to assume control of the Companies' intellectual property, including but not limited to their website and social media accounts (Facebook, LinkedIn, Instagram), in addition, but not limited to accounting records and sales invoices.
111. The Receiver respectfully requests that this Honourable Court issue an Order compelling Christopher Briere to return all Production and Transportation assets in their possession to the Receiver.

X. ASSIGNMENT INTO BANKRUPTCY

112. The Receivership Order does not provide the Receiver with the power to assign the Companies into bankruptcy.
113. The Companies are insolvent and unable to meet their obligations as they come due. It is expected that secured creditors will suffer a shortfall.
114. As noted above, there are significant estimated outstanding balances of GST payable by the Companies. GST claims rank as unsecured claims in a bankruptcy proceeding.

115. Accordingly, the Receiver respectfully requests the Court to amend the Receivership Order dated April 10, 2025, to grant the power to the Receiver to assign the Companies into bankruptcy to ensure distributions are made in accordance with the scheme of distribution contemplated by the *Bankruptcy and Insolvency Act*.

XI. ESTIMATED RECOVERY

116. The Receiver estimates that the first-ranking general secured creditors, RBC and BDC, will realize approximately \$481,000 to \$663,000 on their loans of \$1.6 million and \$325,000, respectively. It's estimated that they will collectively incur a shortfall of approximately \$1.3 million to \$1.4 million.
117. A summary of the estimated recovery to the first general secured creditors is presented in the table below. It should be noted that there is not expected to be a recovery to RBC from Transportation and therefore only Production is reflected on the following page. The table assumes, in the event that the Receiver is granted the power to assign the Companies into bankruptcy, and the Receiver makes the assignment into bankruptcy.

<i>In 000's</i>	<i>Low</i>	<i>High</i>

WEPP Super Priority	24	12
Meridian Onecap Credit Corp. PMSI claim	35	35
Vault Credit Corporation PMSI claim	20	20
Est. Distribution to BDC and RBC	481	663

118. The allocation of the proceeds has been agreed to between RBC and BDC. With respect to the other secured creditors, the Receiver intends to pay Meridian approximately \$35,000 on account of its secured claim, and \$20,000 to Vault in satisfaction of its secured claim, based on the Receiver's assessment of the value of the assets subject to their respective security interests.

119. The Receiver notes that Meridian and Vault hold security interests over specific assets forming part of Production's inventory. The Receiver's legal counsel has reviewed their security documents and registrations, and making certain reasonable assumptions has advised that, each hold valid and perfected purchase money security interests. The sale of the assets includes assets subject to Meridian and Vault security. The Receiver will pay Meridian and Vault's claims upon the closing of the sale of the assets.
120. The Receiver has been made aware of a potential insurance recovery relating to equipment that was damaged in a fire. Based on discussions with the claims adjuster, the Receiver believes that the likelihood of there being any recovery is minimal. The adjuster noted that they required copies of invoices evidencing the replacement of the equipment and that to date Christopher Briere had not provided this, despite repeated requests. The Receiver has requested further information from Christopher Briere but has not received a response as of the date of this Report. Any potential proceeds from the insurance claim remain highly uncertain at this time.
121. TD is owed approximately \$43,000 in respect of Transportation. The Receiver does not anticipate that the realization from the available assets will be sufficient to satisfy this indebtedness. After accounting for the Receiver's fees and costs, it is expected that there will be minimal, if any, recovery available to TD.
122. The Receiver and its legal counsel have incurred significant and unnecessary costs to date as a direct result of the Christopher Briere's persistent non-cooperation, obstructive behaviour, and apparent efforts to hinder the administration of the estate.

XII. DISTRIBUTION TO SECURED CREDITORS

123. Upon the completion of the sale of the assets, the Receiver wishes to distribute the proceeds of the sale in accordance with the priorities.
124. Any payment to the first general secured creditors will first be subject to the claim of CRA for deemed trust claims, Meridian, and Vault. CRA is in the process of

conducting a payroll trust examination. Until CRA's deemed trust claim for payroll source deductions has been filed, the Receiver will not distribute any funds to RBC or BDC.

125. RBC and BDC have agreed to an allocation of the net sales proceeds from the sale of the inventory assets on a pro-rata basis. Of the \$1,705,000 that Sound Waves has assigned to the inventory assets, they have estimated a value for the inventory assets subject to BDC's security as being \$240,000, or 14.08% of the inventory assets. The Receiver has proposed that 14.08% of the amount available to general secured creditors, RBC and BDC be paid to BDC. The exception to this is the cash on hand of approximately \$152,000 and the sales proceeds from the IP and office furniture of \$25,000. These amounts are only subject to RBC's security and the proceeds from these will be paid directly to RBC.
126. The Receiver requests the Court's approval to distribute the proceeds of the sale in accordance with the priorities.

XIII. CONCLUSION AND RECOMMENDATIONS

Conclusion

127. Christopher Briere has engaged in conduct that suggests a deliberate attempt to be uncooperative with the Receiver. Christopher Briere has failed to comply with Receiver's production and information requests. Specifically, Christopher Briere has failed or refused to return Assets, provide the location of Assets and provide further information regarding unaccounted for Assets.
128. Despite repeated written requests for information and assistance, the Receiver has received minimal to no cooperation from Christopher Briere. Christopher Briere's persistent non-compliance and refusal to engage has materially hindered the Receiver's ability to fulfill its mandate.

129. Based on the information currently available, the Receiver anticipates a significant shortfall to the first-ranking general secured creditors, RBC and BDC of approximately \$1.3 million to \$1.4 million. Consequently, no recovery is expected for any unsecured creditors.
130. The Receiver undertook an extensive sale process, engaging in discussions with multiple interested parties, including five auctioneers and approximately 50 participants within the industry.
131. Following this process, the Receiver accepted, subject to Court approval, an offer from Sound Waves Entertainment Network Ltd. for the purchase of the inventory, intellectual property, and office equipment, for a total purchase price of \$1,730,000.
132. The Receiver engaged Able Auctions for the auction of the Hino and Manac.
133. The Receiver has determined there is no realizable equity in the remaining vehicles.

Recommendations

134. The Receiver respectfully recommends that this Honourable Court grant the following relief:
 - a) An Order approving the sale of the inventory, office equipment, and intellectual property to Sound Waves Entertainment Network Ltd.;
 - b) An Order directing Christopher Briere to turn over and deliver all Assets in his possession or control, provide access to all Assets, produce requested information and documents, and cooperate with the Receiver as enumerated in paragraphs 4-7 of the Receivership Order and as is necessary for the Receiver to assume full control of the Assets within two (2) business days of the date an Order is granted;
 - c) An Order amending the Receivership Order dated April 10, 2025, to empower the Receiver to assign Briere Production Group Inc. and Briere Transportation Ltd. into bankruptcy; and,

- d) An Order authorizing the Receiver to distribute the proceeds of the sale in accordance with the priorities.

All of which is respectfully submitted this 9th day of July 2025.

7. If any Records are stored or otherwise contained on a computer or other electronic system of information storage, whether by an independent service provider or otherwise, all Persons in possession or control of such Records shall forthwith give unfettered access to the Receiver for the purpose of allowing the Receiver to recover and fully copy all of the information contained therein whether by way of printing the information or making copies of computer disks or such other manner of retrieving and copying the information as the Receiver in its discretion deems expedient, and shall not alter, erase or destroy any Records without the prior written consent of the Receiver. RECEIVER TO HOLD FUNDS

13. All funds, monies, cheques, instruments, and other forms of payments received or collected by the Receiver from and after the Effective Date from any source whatsoever including, without limitation, the sale of all or any of the Property and the collection of any accounts receivable, in whole or in part, whether in existence on the Effective Date or thereafter coming into existence, shall be deposited into one or more new accounts to be opened by the Receiver (the "**Post-Receivership Accounts**") and the monies standing to the credit of such Post-Receivership Accounts from time to time, net of any disbursements provided for herein, shall be held by the Receiver to be paid in accordance with the terms of this Order or any further order of this Court.

EMPLOYEES

14. Subject to the employees' right to terminate their employment, all employees of the Debtors shall remain the employees of the Debtors until such time as the Receiver, on the Debtors' behalf, may terminate the employment of such employees. The Receiver shall not be liable for any employee-related liabilities of the Debtors, including any successor employer liabilities as referred to in Section 14.06(1.2) of the BIA, other than amounts the Receiver may specifically agree in writing to pay or in respect of obligations imposed specifically on receivers by applicable legislation, including sections 81.4(5) or 81.6(3) of the BIA or under the *Wage Earner Protection Program Act*, S.C. 2005, c.47. The Receiver shall be liable for any employee-related liabilities, including wages, severance pay, termination pay, vacation pay, and pension or benefit amounts relating to any employees that the Receiver may hire in accordance with the terms and conditions of such employment by the Receiver.

PERSONAL INFORMATION

15. Pursuant to Section 7(3)(c) of the *Personal Information Protection and Electronic Documents Act*, S.C. 2000, c. 5 or Section 18(1)(o) of the *Personal Information Protection Act*, S.B.C. 2003, c. 63, the Receiver may disclose personal information of identifiable individuals to prospective purchasers or bidders for the Property and to their advisors, but only to the extent desirable or required to negotiate and attempt to complete one or more sales of the Property (each, a "Sale"). Each prospective purchaser or bidder to whom such personal information is disclosed shall maintain and protect the privacy of such information and limit the use of such information to its evaluation of the Sale, and if it does not complete a Sale, shall return all such information to the Receiver, or in the alternative destroy all such information. The purchaser of any Property shall be entitled to continue to use the personal information provided to it, and related to the Property purchased, in a manner which is in all material respects identical to the prior use of such information by the Debtors, and shall return all other personal information to the Receiver, or ensure that all other personal information is destroyed.

LIMITATION ON ENVIRONMENTAL LIABILITIES

16. Nothing in this Order shall require the Receiver to occupy or to take control, care, charge, possession or management (separately and/or collectively, "Possession") of any of the Property that might be environmentally contaminated, might be a pollutant or a contaminant, or might cause or contribute to a spill, discharge, release, or deposit of a substance contrary to any federal, provincial or other law relating to the protection, conservation, enhancement, remediation or rehabilitation of the environment or relating to the disposal of waste or other contamination (collectively "Environmental Legislation"), provided however that nothing herein shall exempt the Receiver from any duty to report or make disclosure imposed by applicable Environmental Legislation.

17. The Receiver shall not, as a result of this Order or anything done in pursuance of the Receiver's duties and powers under this Order, be deemed to be in Possession of any of the Property within the meaning of any Environmental Legislation, unless the Receiver is actually in possession.
18. Notwithstanding anything in federal or provincial law, the Receiver is not personally liable in that position for any environmental condition that arises or environmental damage that occurred:
 - (a) before the Receiver's appointment; or,
 - (b) after the Receiver's appointment, unless it is established that the condition arose or the damage occurred as a result of the Receiver's gross negligence or wilful misconduct.
19. Notwithstanding anything in federal or provincial law, but subject to paragraph 17 of this Order, where an order is made which has the effect of requiring the Receiver to remedy any environmental condition or environmental damage affecting the Property, if the Receiver complies with the BIA section 14.06(4), the Receiver is not personally liable for the failure to comply with the order and is not personally liable for any costs that are or would be incurred by any Person in carrying out the terms of the order.

LIMITATION ON THE RECEIVER'S LIABILITY

20. The Receiver shall incur no liability or obligation as a result of its appointment or the carrying out the provisions of this Order, save and except:
 - (a) any gross negligence or wilful misconduct on its part; or
 - (b) amounts in respect of obligations imposed specifically on receivers by applicable legislation.

Nothing in this Order shall derogate from the protections afforded the Receiver by Section 14.06 of the BIA or by any other applicable legislation.

RECEIVER'S ACCOUNTS

21. The Receiver and its legal counsel, if any, are granted a charge (the "**Receiver's Charge**") on the Property as security for the payment of their fees and disbursements, in each case at their standard rates, in respect of these proceedings, whether incurred before or after the making of this Order. The Receiver's Charge shall form a first charge on the Property in priority to all security interests, trusts, liens, charges and encumbrances, statutory or otherwise, in favour of any Person, but subject to Sections 14.06(7), 81.4(4), and 81.6(2) of the BIA.

22. The Receiver and its legal counsel shall pass their accounts from time to time, and for this purpose the accounts of the Receiver and its legal counsel are referred to a judge of the Supreme Court of British Columbia and may be heard on a summary basis.
23. Prior to the passing of its accounts, the Receiver shall be at liberty from time to time to apply reasonable amounts, out of the monies in its hands, against its fees and disbursements, including legal fees and disbursements, incurred at the standard rates and charges of the Receiver or its counsel, and such amounts shall constitute advances against its remuneration and disbursements when and as approved by this Court.

FUNDING OF THE RECEIVERSHIP

24. The Receiver is authorized and empowered as of the Effective Date to borrow by way of a revolving credit or otherwise, such monies from time to time as it may consider necessary or desirable, provided that the outstanding principal amount does not exceed \$100,000 (or such greater amount as this Court may by further Order authorize) at any time, at such rate or rates of interest as the Receiver deems advisable for such period or periods of time as it may arrange, for the purpose of funding the exercise of the powers and duties conferred upon the Receiver by this Order, including interim expenditures. The whole of the Property shall be and is charged by way of a fixed and specific charge (the "**Receiver's Borrowings Charge**") as security for the payment of the monies borrowed, together with interest and charges thereon, in priority to all security interests, trusts, liens, charges and encumbrances, statutory or otherwise, in favour of any Person, but subordinate in priority to the Receiver's Charge and the charges as set out in Sections 14.06(7), 81.4(4), and 81.6(2) of the BIA.
25. Neither the Receiver's Borrowings Charge nor any other security granted by the Receiver in connection with its borrowings under this Order shall be enforced without leave of this Court.
26. The Receiver is authorized to issue certificates substantially in the form annexed as Schedule "B" hereto (the "**Receiver's Certificates**") for any amount borrowed by it pursuant to this Order.
27. The monies from time to time borrowed by the Receiver pursuant to this Order or any further order of this Court and any and all Receiver's Certificates evidencing the same or any part thereof shall rank on a *pari passu* basis, unless otherwise agreed to by the holders of any prior issued Receiver's Certificates.

ALLOCATION

28. Any interested party may apply to this Court on notice to any other party likely to be affected for an order allocating the Receiver's Charge and Receiver's Borrowings Charge amongst the Property.

SERVICE AND NOTICE OF MATERIALS

29. The Receiver shall establish and maintain a website in respect of these proceedings at ~~[WEB ADDRESS]~~ (the "**Website**") and shall post there as soon as practicable:
- (a) all materials prescribed by statute or regulation to be made publicly available, including pursuant to Rule 10-2 of the *Supreme Court Civil Rules*; and,
 - (b) all applications, reports, affidavits, orders and other materials filed in these proceedings by or on behalf of the Receiver, except such materials as are confidential and the subject of a sealing order or pending application for a sealing order.
30. Any Person who is served with a copy of this Order and that wishes to be served with any future application or other materials in these proceedings must provide to counsel for each of the Receiver and the Applicant a demand for notice in the form attached as Schedule C (the "**Demand for Notice**"). The Receiver and the Applicant need only provide further notice in respect of these proceedings to Persons that have delivered a properly completed Demand for Notice. The failure of any Person to provide a properly completed Demand for Notice releases the Receiver and the Applicant from any requirement to provide further notice in respect of these proceedings until such Person delivers a properly completed Demand for Notice.
31. The Receiver shall maintain a service list identifying all parties that have delivered a properly completed Demand for Notice (the "**Service List**"). The Receiver shall post and maintain an up-to-date form of the Service List on the Website.
32. Any interested party, including the Receiver, may serve any court materials in these proceedings by facsimile or by emailing a PDF or other electronic copy of such materials to the numbers or addresses, as applicable, set out on the Service List. Any interested party, including the Receiver, may serve any court materials in these proceedings by mail to any party on the Service List that has not provided a facsimile number or email address, and materials delivered by mail shall be deemed received five (5) days after mailing.
33. Notwithstanding paragraph 31 of this Order, service of the Notice of Application and any affidavits filed in support shall be made on the Federal and British Columbia Crowns in accordance with the *Crown Liability and Proceedings Act*, R.S.C. 1985, c.C-50 and its regulations for the Federal Crown and the *Crown Proceedings Act*, R.S.B.C. 1996 c.89 in respect of the British Columbia Crown.
34. - (b) the Vendor is not a non-resident of Canada under the Income Tax Act (Canada); and
- (c) the Counted Assets will be in the same condition and quantities on the Closing Date as they were on the dates that the Purchaser and the Vendor counted the Counted Assets, being June 26, 2025.

3.2 The Purchaser acknowledges and agrees that the Vendor makes no representations or warranties of any kind whatsoever, expressed or implied, with respect to the Purchased Assets except as expressly warranted by the Vendor in this Agreement. Except as expressly warranted by the Vendor in this Agreement, the Purchaser shall be deemed to have relied solely and entirely upon its own investigations and inspections of and with respect to the Purchased Assets. ARTICLE 4 REPRESENTATIONS AND WARRANTIES OF PURCHASER

4.1 The Purchaser hereby represents and warrants to the Vendor as follows, with the intent that the Vendor shall rely on these representations and warranties in entering into this Agreement, and in concluding the Transaction contemplated by this Agreement:

- (a) the Purchaser is a duly formed and registered corporation existing pursuant to the laws of the jurisdiction of its incorporation;

- (b) the Purchaser has the power and authority to execute and deliver this Agreement and the other documents and instruments contemplated herein or therein to which it is or shall be a party and to perform its obligations hereunder and thereunder. - (c) this Agreement, and if, as, and when executed, each of the other agreements, documents and instruments to be executed and delivered by the Purchaser on or before the Closing, have been or shall upon such execution and delivery be duly executed and delivered by, and constitute the valid and binding obligations of the Purchaser, in accordance with their terms;
- (d) the execution and delivery by the Purchaser of this Agreement and the performance by the Purchaser of its obligations under this Agreement shall not result in the breach or violation of any terms or conditions of: (i) the constating documents or by-laws of the Purchaser; or (ii) any applicable law, regulation or order; and
- (e) the Purchaser shall be a registrant for purposes of Part IX of the Excise Tax Act (Canada) on the Closing Date and its registration number shall be provided as part of the Closing; or alternatively the Purchaser shall remit to the Vendor all applicable GST.

ARTICLE 5 SURVIVAL OF REPRESENTATIONS

- 5.1** The representations and warranties of each Party contained in this Agreement will not merge on and will survive the Closing and will continue in full force and effect, notwithstanding the Closing or any investigation or knowledge acquired by or on behalf of the other Party.
- 5.2** The Vendor shall have no obligation whatsoever in respect of a claim (for indemnification or otherwise) for a breach of a representation or warranty under this Agreement unless written notice of that claim, containing full particulars of that claim, is delivered to the Vendor on or before the following dates:
 - (a) with respect to the representations and warranties set out in sections 3.1(a) and 3.1(b), at any time after the Closing Date; and
 - (b) with respect to the representations and warranties set out in section 3.1(c), on or before the date that is one (1) day after the Closing Date or the date that the Purchaser begins removing the Purchased Assets from the Loughheed Premises, whichever is earlier.
- 5.3** The Purchaser has no obligation to make any payment for damages in respect of a claim (for indemnification or otherwise) for a breach of a representation or warranty under this Agreement unless written notice of that claim is delivered to the Purchaser on or before the following dates:

ARTICLE 6 ACKNOWLEDGEMENT BY PURCHASER

6.1 "As Is, Where Is"

the Purchaser hereby acknowledges that subject to Article 3.1(c) the Vendor is selling the Purchased Assets on an "as is, where is" basis as they exist on the date hereof. The Purchaser further acknowledges that it has conducted any and all diligence and inspections as to title, encumbrances, description, fitness for purpose, merchantability, condition, quantity, quality, assignability and condition of the Purchased Assets that it deemed appropriate, and has satisfied itself with regard to this matter. No representation, warranty or condition is expressed or can be implied as to title, encumbrances, description, fitness for purpose, merchantability, condition, quantity, quality, assignability or in respect of any other matter or thing concerning the Purchased Assets or the right of the Vendor to sell them, save as expressly represented or warranted in this Agreement. Without limiting the generality of the foregoing, any and all conditions, warranties or representations expressed or implied pursuant to the Sale of Goods Act (British Columbia) or similar legislation in any other jurisdiction do not apply to this transaction of purchase and sale and have been waived by the Purchaser.

6.2 Obtaining Consent

The Purchaser hereby expressly acknowledges that: (i) if any consents of any Person or third parties are required to effect the transfer of any of the Purchased Assets to the Purchaser pursuant to this Agreement, then it is the sole responsibility of the Purchaser to obtain any such consents, and the granting of any such consents shall not be a condition precedent to the Purchaser's obligations under this Agreement, including the payment of the Purchase Price; and (ii) all costs and other liabilities associated with obtaining any such consents are the sole obligation of the Purchaser.

6.3 Vendor's Capacity

The Purchaser acknowledges that the Vendor is entering into this Agreement solely in its capacity as the court-appointed receiver and manager of the Companies and not in its personal or corporate capacity. The Purchaser acknowledges that the Vendor is selling the right, title, and interest of BPG in the Purchased Assets pursuant to the Receivership Order and the Approval and Vesting Order. The Purchaser agrees to purchase and accept the right, title, and interest of BPG in and to the Purchased Assets pursuant to and in accordance with the terms of this Agreement and any other agreements required to be delivered pursuant to the terms of this Agreement. The acceptance by the Vendor of this Agreement is expressly subject to Court Approval and all such other orders that the Court may make.

ARTICLE 7 COVENANTS OR APPROVALS

7.1 Consents

The Purchaser shall take, or cause to be taken, and the Vendor shall as may be requested by the Purchaser take or cause to be taken, all commercially reasonable actions and as may be necessary, proper or advisable to permit and diligently pursue completion of the Transaction

contemplated by this Agreement in accordance with the terms hereof, including obtaining the authorization, approval or consent of any Governmental Authority and shall co-operate with each other in connection therewith, including using all commercially reasonable efforts to obtain as soon as reasonably possible and in any event, prior to the Closing Date any consents required from any Governmental Authority having jurisdiction over the Purchased Assets, provided that the Purchaser shall fully indemnify the Vendor against its reasonable costs and expenses incurred by the Vendor for services requested by the Purchaser in connection with obtaining the consents, if any, required under this Section 7.1.

7.2 Transfer of Purchased Assets

In connection with transfer and assignment of the Purchased Assets, the Vendor shall at the request and sole cost of the Purchaser take all such actions and do, or cause to be done, all such things at the request of the Purchaser as shall reasonably be necessary in order to transfer or assign the Purchased Assets, including but not limited to any licenses, permits, and Intellectual Property, to the Purchaser, but only to the extent the same are transferable.

7.3 Change Name

The Vendor shall make commercially reasonable efforts to cause BPG to change its name to a name that does not contain any of the words "Briere Production Group" and that is not confusingly similar to its present name, and deliver to the Purchaser a photocopy of the certificate of amendment evidencing that those articles of amendment have been filed within 30 business days of the Closing Date.

ARTICLE 8 CONDITION PRECEDENT IN FAVOUR OF THE PURCHASER

8.1 The obligations of the Purchaser under this Agreement are subject to the fulfillment of the following conditions precedent:

- (a) each of the representations and warranties of the Vendor set forth in Section 3.1 shall be true and correct as if restated on and as of the Closing Date;
- (b) the covenants and obligations contained in this Agreement to be complied with by the Vendor on or before the Closing shall have been complied with and not been breached in any material respect; and
- (c) on or before the Closing Date, the Vendor shall have delivered all items which it is required to deliver to the Purchaser pursuant to Section 11.1

8.2 The Purchaser may, in its sole discretion, waive any of the foregoing conditions.

8.3 If any one of the conditions precedent contained in Section 8.1 has not been satisfied or waived by the Purchaser on or before the Closing Date, the Purchaser may terminate this Agreement by written notice to the Vendor but Section 2.5 shall survive such termination.

ARTICLE 9

CONDITION PRECEDENT IN FAVOUR OF THE VENDOR

- 9.1** The obligations of the Vendor under this Agreement are subject to the fulfillment of the following conditions precedent:
- (a) each of the representations and warranties of the Purchaser set forth in Section 4.1 shall be true and correct as if restated on and as of the Closing Date;
 - (b) the covenants and obligations contained in this Agreement to be complied with by the Purchaser on or before the Closing shall have been complied with and not been breached in any material respect; and
 - (c) on or before the Closing Date, the Purchaser shall have delivered all items which it is required to deliver to the Vendor pursuant to Section 11.2.
- 9.2** The Vendor may, in its sole discretion, waive any of the foregoing conditions. Any waiver by the Vendor must be in writing and delivered to the Purchaser's Lawyers.
- 9.3** If any one of the conditions precedent contained in Section 9.1 has not been satisfied or waived by the Vendor on or before the Closing Date, the Vendor may terminate this Agreement by written notice to the Purchaser but Section 2.5 shall survive such termination.

ARTICLE 10 COURT APPROVAL

10.1 Court Approval

The obligation of the Parties to complete the transactions contemplated by this Agreement shall be subject to the following mutual conditions (collectively the "**Mutual Condition**"), for the benefit of both the Vendor and the Purchaser:

- (a) that on or before July 25, 2025, or such later date as the Vendor and Purchaser may agree to in writing (the "**Approval Date**"), the Vendor shall have obtained the Approval and Vesting Order satisfactory to the Vendor and the Purchaser; and
- (b) there shall be in effect no order, injunction, judgment, decree, ruling, writ, assessment or arbitration award of the Court or other court of competent jurisdiction or of a relevant Government Entity prohibiting the consummation of the transactions contemplated hereby and which has not been withdrawn or terminated.

The Mutual Condition is for the mutual benefit of the Vendor and the Purchaser and may not be waived unilaterally by either Party. Both Parties agree that they shall use all reasonable commercial efforts to satisfy the Mutual Condition. If the Mutual Condition has not been satisfied by the Approval Date, then the Purchaser's and Vendor's obligation to complete the Transaction pursuant to this Agreement shall be at an end.

10.2 Appeals

For greater certainty, expiration of the appeal period for the Approval and Vesting Order shall not be a pre-condition of the Purchaser's or Vendor's obligation to complete the within transaction.

10.3 Competing Bids

The Purchaser hereby acknowledges and agrees that notwithstanding acceptance of this offer by the Vendor: (i) another prospective purchaser may make an offer for the Purchased Assets, including without limitation at the hearing of the application for the Approval and Vesting Order; (ii) the Vendor is duty bound to and shall consider any such offers; and (iii) if any such offer is, in the Vendor's view, better for the Companies' stakeholders as a whole in comparison to this Transaction, the Vendor may recommend that the Court approve such other offer and not this Agreement. The Purchaser hereby acknowledges that it has been advised by the Vendor that, in order to protect its interests, the Purchaser should retain legal counsel to appear at the hearing of the application for the Approval and Vesting Order, including to make an amended or further offer for the Purchased Assets should that be necessary.

ARTICLE 11 CLOSING MATTERS

11.1 Vendor's Closing Documents

On the Closing Date, the Vendor shall deliver the following to the Purchaser's Lawyers, on the condition that the same shall only be dealt with in accordance with the procedure set out in ARTICLE 11:

- (a) a certified copy of the Approval and Vesting Order;
- (b) the Receiver's Certificate(s);
- (c) if applicable and available in respect of the Transaction, an election under section 167 of the ETA pursuant to Section 2.6;
- (d) possession of the Purchased Assets that are Viewed Assets; and
- (e) such other documents as may be requested by the Purchaser, acting reasonably, to effect the assignment, transfer and sale of the Purchased Assets as contemplated by this Agreement, to the extent not effected by the Approval and Vesting Order, in form and substance satisfactory to the Purchaser, acting reasonably.

11.2 The Purchaser's Closing Documents

On the Closing Date, the Purchaser shall deliver the following to the Vendor's Lawyers, on the condition that the same shall only be dealt with in accordance with the procedure set out in ARTICLE 11:

- (a) payment of the balance of the Purchase Price pursuant to Section 2.4;
- (b) if applicable and available in respect of the Transaction, the GST Certificate or an election under section 167 of the ETA pursuant to Section 2.6;
- (c) such other documents as may be requested by the Vendor, acting reasonably.

11.3 Terms of Closing

None of the Closing Documents and monies shall be dealt with before Closing or until all deliveries contemplated by this ARTICLE 11 have been made, the Mutual Condition has been fulfilled, and the conditions precedent set out in section 9.1 or 8.1 have been waived or satisfied, except in accordance with Section 2.4 hereof.

ARTICLE 12 PIPA PROVISIONS

12.1 Disclosure of Information

The Purchaser acknowledges and agrees that in the course of the Purchaser's due diligence in respect of the Purchased Assets, or through the Purchaser's purchase of the Records, the Purchaser has requested and may hereafter request and the Vendor has disclosed and may hereafter disclose certain personnel records and other information related to Purchased Assets and/or the business of the Companies that may include "personal information" (the "**Personal Information**") as defined in and subject to the British Columbia *Personal Information Protection Act* ("**PIPA**") and the Canada *Personal Information Protection and Electronic Documents Act* ("**PIPEDA**").

- (a) the Purchaser hereby confirms to the Vendor that the Personal Information that the Purchaser has requested or may hereafter request in the course of its due diligence is necessary in order for the Purchaser to determine whether to proceed with the proposed purchase of the Purchased Assets; and
- (b) the Purchaser hereby covenants and agrees that:
 - i. prior to Closing, any Personal Information that the Vendor discloses to the Purchaser shall be used by the Purchaser solely for purposes related to its due diligence and its proposed purchase of the Purchased Assets;
 - ii. if the proposed purchase of the Purchased Assets does not proceed or is not completed, the Purchaser shall destroy or return to the Vendor all of the Personal Information disclosed to the Purchaser by the Vendor in accordance with the Vendor's instructions; and
 - iii. if the proposed purchase of the Purchased Assets is completed: (i) the Purchaser shall only use or disclose the Personal Information for the same purposes for which it was collected, used or disclosed by the Vendor, or as otherwise permitted by and in accordance with PIPA and PIPEDA; and (ii) the Purchaser shall notify the individuals who are the subject of the Personal Information that the purchase of the Purchased Assets has taken place and that their Personal Information was disclosed to the Purchaser.

ARTICLE 13 TERMINATION

13.1 Termination

In addition to termination pursuant to Sections 8.3 and 9.3, this Agreement may be terminated at any time prior to the Closing Date:

- (a) by mutual written consent of the Purchaser and the Vendor;
- (b) by the Purchaser or the Vendor if any court of competent jurisdiction or other Governmental Authority shall have issued an order, decree or ruling, or taken any other action specifically restraining, enjoining or otherwise prohibiting the transaction contemplated hereby, which order, decree, ruling or other action is not stayed or dismissed prior to the Closing Date; or
- (c) by either Party if the Mutual Condition is not satisfied by the Approval Date.
