JUDICIAL NOTES:

This receivership application is unopposed. The supporting affidavit and factum canvas the history of this matter and provide copies of the relevant loan documents. I am satisfied that the preconditions to the appointment of a receiver are met in this case. The amounts owed are not disputed, the loan documents provide for the appointment of a receiver, there has been a lengthy forbearance period and the statutory requirements of notice have been met. It is just and convenient that there be a receiver appointed. Order to issue in the form signed by me this day.
